Our Motto

“CARING; OUR WAY OF LIFE”

Our Mission Statement

Key Club is an international, student-led organization that provides its members with opportunities to provide service, build character and develop leadership.

Our Pledge

I pledge, on my honor,
to uphold the Objects of Key Club International;
to build my home, school, and community;
to serve my nation and world;
and combat all forces which tend to undermine these institutions.

Core Values

Leadership: Leadership is grounded in humility and service to others. A true leader listens, recognizes, and empowers.

Character building: Character is built by everyday acts of kindness, integrity, and teamwork to grow stronger relationships and communities.

Caring: Compassion for others is a cornerstone of the Key Club experience, inspiring action, and service to one's community.

Inclusiveness: We welcome people of all backgrounds and ethnicities to join in serving and making a positive difference in our world.

Our Objectives

- ☺ To give primacy to the human and spiritual, rather than to the material values of life.
- ☺ To encourage the daily living of the Golden Rule in all human relationships.
- ☺ To promote the adoption and application of higher standards in scholarship, sportsmanship, and social contacts.
- ☺ To develop, by precept and example, a more intelligent, aggressive, and serviceable citizenship.
- ☺ To provide a practical means to form enduring friendships, to render unselfish service and to build better communities.
- ☺ To cooperate in creating and maintaining that sound public opinion and high idealism which makes possible the increase of righteousness, justice, patriotism, and good will.

Caring: Our Way of Life

by Royonna Gomez

Arlington High School,

Division 39N

My name is Royonna Gomez, I am a sophomore here at Arlington High School. This school year I'm looking towards the many opportunities and achievements to come. Arlington high school has a great Key Club program. This is my first year in Key club. I got put in this class called Peacemakers. I was not too sure what Peacemakers was, but a great teacher Mrs. Patterson was able to find me during picking up my schedule for the 2023 school year. I stopped by her table along with some kids I was assuming were in the class. Now of course I know those kids are in the class and they are really smart too. Here in Key Club every kid is not just a kid but a young adult. When I first entered this class, everyone carried themselves so well for it just being the first couple of weeks of school. I can already tell I am going to enjoy my time in this club. I plan on staying the rest of my two years and working my way up to president. Of course, that comes with a lot of responsibility, but that's something I am willing to do. I talked with my Key Club president, Ms.Jolene Nguyen. I asked her for her opinion on this club along with the hardest thing about being the president. "The hardest thing about being president is public speaking in front of a large crowd." Knowing that her biggest worry was just talking in crowds really inspires me to work hard and prove to myself that what I want I can get if I just put my mind to it. This has been one of my best classes this year. I look forward to coming into class every day. I have a lot of anxiety. I have been told by plenty of doctors that my anxiety is really bad but for some reason when I am in this class I feel like my true self. I feel as if I'm able to truly express myself. This program so far has taught me how to express myself, communicate with others, how to be on time, responsibility, and lots more. Last year my grades were failing but this year I have been a straight 'A' student. I don't think that without this program my grades would be as good as they are. This club has really helped me get myself together.
